

Project Newsletter #9

"Development of Small Community Projects"

The initiative of Community development project started during the month of November, with Info days of Grant Scheme in all 11 partner municipalities for Municipal authorities and representatives of partner associations.

The purpose of the project is to support Community projects to initiate improvements in the involved municipalities that serve for the benefit of the whole community of the municipality. From 14-17.11.2018 -Socio-Project organized a four-day Workshop in Ohrid, Macedonia, which brought together 28 participants from 11 partner municipalities, including representatives from BSO and Agro associations.

Municipal teams initially discussed and agreed on project ideas and afterward started to develop their applications on Grant Scheme "Development of Small Community Projects".

On 17.11.2018, Municipal teams and NGO representatives conducted first phase of evaluation of applications, while on 27.11.2018 second phase of evaluation took place, where they had an opportunity to evaluate each proposal submitted.

Project Evaluation Committee taking into account also partners evaluation, awarded 5 Small Community Projects and signed three parted contracts.

Through this initiative, the Project aims to directly involve families, in order to generate an increased income and resulting with the wellbeing of families of the community.
